

APPENDIX 6: Bibliography

1. "Eugene Community Greenhouse Gas Emissions Inventory Report," City of Eugene Central Services Facility Management Division, July 2007, http://www.eugene-or.gov/portal/server.pt/gateway/PTARGS_0_2_252312_0_0_18/GHG%20Inventory%20Final%20070801.pdf
2. Regional greenhouse gas inventory: The carbon footprint of residents and businesses inside the Portland metropolitan region, Portland Metro, Spring 2010, http://library.oregonmetro.gov/files//regional_greenhouse_gas_inventory.pdf
3. "City of Eugene Internal Operations Greenhouse Gas Emission Inventory: Summary of Initial Findings," City of Eugene Sustainability Commission and the University of Oregon, September 2008, <http://www.eugeneor.gov/portal/server.pt?open=512&objID=730&PageID=4083&cached=true&mode=2&userID=2>
4. Eugene Food Scope and Resource Plan
5. "Electric Resource Portfolio," Eugene Water and Electric Board and the Bonneville Power Administration, 2008, <http://www.eweb.org/resources/portfolio>.
6. "EWEB Climate Change Policy SD15 Strategic Direction," Steve Newcomb, Environmental Manager Date, September 18, 2007, <http://www.eweb.org/public/documents/climateChange.pdf>
7. "Environmental Performance: Emissions, Effluents, and Waste: EN 16," Eugene Water and Electric Board, Date, <http://www.eweb.org/public/documents/sustainability/environmental/en16.pdf>
8. "City of Eugene Inventory of Greenhouse Gas Emissions From Internal Operations: 2000 and 2005," City of Eugene Facility Management Division, January, 2009, http://www.eugene-or.gov/portal/server.pt/gateway/PTARGS_0_235_308202_0_0_18/City_Operations_GHG_Inventory.pdf
9. "Food Miles and Relative Climate Impacts of Food Choices in the United States," Christopher L. Weber and H. Scott Matthews, Department of Civil and Environmental Engineering and Department of Engineering and Public Policy,

Carnegie Mellon University, Pittsburgh, Pennsylvania, Printed in the Journal of Environmental Science and Technology, April 2008,
http://psufoodscience.typepad.com/psu_food_science/files/es702969f.pdf

10. "Preparing for Climate Change in the Upper Willamette River Basin of Western Oregon: Co-Beneficial Planning for Communities and Ecosystems," Climate Leadership Initiative Institute for Sustainable Environment, University of Oregon and national Center for Conservation Science and Policy, March 2009,
http://climlead.uoregon.edu/sites/climlead.uoregon.edu/files/reports/willamette_report3.11FINAL.pdf
11. "Pathways to a Low-Carbon Economy: Version 2 of the Global Greenhouse Gas Abatement Cost Curve," McKinsey and Company, 2009
<https://solutions.mckinsey.com/ClimateDesk/default.aspx>
12. "Portland Metropolitan Region turns a Climate Change Corner," Richard Benner, Senior Attorney, Submitted for publication in ISOCARP Review 05 by the International Society of City and Regional Planners, August 2009,
http://library.oregonmetro.gov/files//portland_turns_a_climate_change_corner.pdf
13. "Climate Change Health Preparedness in Oregon: An Assessment of Awareness, Preparation and Resource Needs for Potential Public Health Risks Associated with Climate Change," Stacy Vynne and Bob Doppelt, Climate Leadership Initiative Institute for a Sustainable Environment at University of Oregon and the Oregon Coalition of Local Health Officials, Environmental Health Committee, April 2009,
[http://climlead.uoregon.edu/sites/climlead.uoregon.edu/files/reports/ORPHSsurveyReportFinal.pdf](http://climlead.uoregon.edu/sites/climlead.uoregon.edu/files/reports/ORPHSurveyReportFinal.pdf)
14. "A Life Cycle Assessment Based Approach to Prioritizing Methods of Preventing Waste from Residential Building Construction, Remodeling, and Demolition in the State of Oregon," prepared for Oregon DEQ by Quantis, Earth Advantage, and Oregon Home Builders Association, October 2009,
<http://www.deq.state.or.us/lq/pubs/docs/sw/LifeCycleAssessmentReportPhase01.pdf>
15. "Cost-Effective GHG Reductions through Smart Growth & Improved Transportation Choices: An economic case for investment of cap-and-trade revenues, Center for Clean Air Policy Transportation and Climate Change Program," June 2009,
http://www.ccap.org/docs/resources/677/CCAP%20Smart%20Growth%20-%20per%20ton%20CO2%20_June%202009_%20FINAL.pdf
16. "Moving Cooler: An analysis of transportation strategies for reducing

- greenhouse gas emissions”, Urban Land Institute, July 2009,
17. “Growing Cooler: The Evidence of Urban Development and Climate Change”, Reid Ewing, Keith Bartholomew, et al at Urban Land Institute, 2008, <http://www.smartgrowthamerica.org/gcindex.html>.
 18. “Wildlife Corridors and Permeability: A literature review”, Metro, 2010,
 19. “A New Era for Conservation: Review of Climate Change Adaptation,” Patty Glick, Amanda Staudt, and Bruce Stein, National Wildlife Federation, February 2009 , <http://ncseonline.org/WHPRP/NWF/Adaptation2009/Documents/ExecutiveSummaries%20.pdf>
 20. “Background Report: The Status of Oregon Greenhouse Gas Emissions and Analysis,” Oregon Department of Transportation, October 2009, <http://www.oregon.gov/ODOT/TD/TP/docs/HB2186page/Background.pdf>
 21. Draft: Smart Growth – A Guide to Developing and Implementing Greenhouse Gas Reduction Programs. EPA, March 2010. http://www.epa.gov/statelocalclimate/documents/pdf/smart_growth_guide.pdf
 22. "Vulnerability of water supply from the Oregon Cascades to changing climate: linking science to users and policy," K. Farley et.al, 2009
 23. "Deep groundwater mediates streamflow response to climate warming in the Oregon Cascades" Tague, C. et. al., 2008
 24. “Climate Masters for Public Health Agencies: A guide to preparing the public health sector and communities for the health impacts of climate change”, Climate Leadership Initiative, Coalition of Local Health Officials, and Institute for a Sustainable Environment, Draft version - Jan 2010
